## BRIEF ABSTRACT OF LETTER

States that it will be a hardship if the present Sanitary Inspector of the Bangalore City is dismissed to the room for a qualified man, but he is shockingly ignorant but there is no reason why he should not go to Madras and be thoroughly trained.

## NOTES AND ORDERS

The appointment of an un-  
certificated person as the Sanitary  
Inspector of the City Municipality is  
opposed to standing orders. But, Varad-  
rajan, the present Sanitary Inspector,

was nevertheless affronted as such in November 1898, regard being had to the good work done by him during the first outbreak of plague in the City (vide notes by the then Secretary and the Res. Committee & Division). It is also submitted that, during the short period he did the duties of the Sanitary Inspector at Mysore in place of Govindarajulu Sarda, who had been posted to Bangalore on reduced pay by way of punishment, he gave satisfaction to one and all of his superiors (vide testimonial flap (i)).

2 The Sanitary Commissioner's letter is indefinite and does not state the circumstances that led to this correspondence. It is perhaps based on the Dewan's notes of inspection of the Bangalore City on the 8<sup>th</sup> Feb 1905 in which he was pleased to observe as follows:-

"He (the President) requires the help of a good and energetic Assistant or Chief Sanitary Inspector to look after this work."

3 It is further submitted - that

all Sanitary Inspectors on Rs 207 or  
upwards and with more than five years  
service seem to be exempted from  
the requirement that they should pass  
the examination to qualify themselves  
as Certificated Sanitary Inspectors. The  
note appended to the draft rules of 1903 and para 6  
of the G.O. of the Madras Government 11312 of 11/9/03 distinctly  
that exempt the existing permanent men from the  
operation of these rules.

Proposer states that the  
President has sent him a report from  
the Union Man<sup>(Sanitary Inspector)</sup> that he is of 21 years  
service and subject to Chronic Diarrhoea  
and wishes to retire soon and from the  
Union Man that he is unable to go  
to Madras presumably owing to fi-  
nancial difficulties, and proposes  
in the circumstances that he takes  
he offered a scholarship of Rs 25/-  
a month to qualify in Madras and that  
the former be allowed to remain on

or he retires voluntarily or till he is pronounced medically unfit for his work

5 Submitted for orders The Senior man is evidently Varadaraja and the junior name Gulam Ali Khan They are at present paid Rs 60+20 and Rs 45+15 respectively

Following the order  
8/4/05 of the Madras Government  
10/4 No 11312 of 11th September 1903,  
the two Inspectors in the Bangalore  
city are entitled to exemption from  
passing any examination in  
Sanitation They have done good  
work for 15 & 20 years and as remarked  
by the late 18th Commissioner (Mr Madhava  
Rao) there is no question of passing  
tests in Medicine & Sanitation  
but powers to organize & deal with  
people that a few men at least  
should have in a large city like  
Bangalore. As I know, this difficulty  
was felt during the first outbreak  
of plague when the qualified  
Sanitary Inspector (medical) had  
to make room for the present man

The point for orders is the Senior Surgeon's proposal to depute one of the present Sanitary Inspectors to the King Institute on a scholarship of Rs 25 per m.

The Municipal Comm<sup>n</sup> will presumably have to bear the cost of the sch<sup>p</sup>, & so they may be consulted on the proposal. It may also be ascertained whether the Mahomedan San<sup>t</sup> Dupleh agree to go if the sch<sup>p</sup> is given -

Sir,

I have the honor to state that in connection with the proposal to replace the present men who have been trying to do Sanitary Inspectors work in the Municipality of Bangalore by -- trained men, I recommended that the present men be given an opportunity of qualifying at the King Institute so that they may be retained in Government employment and given work elsewhere

2. The President now sends me a report from the senior man that he is of 21 years service and subject to chronic diarrhoea and wishes to retire soon, and from the junior man that he is unable to go to Madras presumably owing to pecuniary difficulties. I propose therefore that the latter be offered a scholarship of Rs 25/- a month to qualify in Madras, and that the former be allowed to remain on but as Assistant Sanitary -- Inspector till his time for retirement arrives, or he retires --
